

SIRIUS® TopSpot

Functions:

- Self-service refrigerated display units with two or three display levels.
- Available in lengths 1.3m and 2m.

Avantages:

- Elegant goods presentation with anthracite-coloured interior, product display surfaces can be tilted or used flat.
- Large merchandising capability due to high storage capacity in small areas.
- More powerful cooling system means extremely stable temperature behaviour, even under difficult operating conditions.
- Directly compatible with all SIRIUS® serving counters.
